

## **ECT of late**

A late ECT cure, brrrr.  
Sure, try again next Reclamation of the Mind day.  
What claimed your forebears –  
Extending the shock, unsettling ya?

Mouth it in cottony speech: expectation under attenuation.  
Forget the present or the moments before?  
Relish an expression with your estranged son,  
The nursing daughter, love again blue wading waters, sorta?
